ALLOWANCE

1. This action is in response to Applicant's amendment filed on 3.26.2008. Claims 1, 11, 12, 18, and 30 are amended. Claims 9 and 10 are canceled. By way of Applicant's amendment, claims 1-8, 11-23 and 25-30 are presented for examination.

2. Claims 1-8, 11-23 and 25-30 are allowed.

3. The following is an examiner's statement of reasons for allowance: the independent claims have been amended to recite limitations directed to the retrieval of requested electronic services through the network from the kiosk. By way of this amendment, the claims now patentably distinguish over the prior art. Specifically, the prior art does not teach the combination of features recited in the independent claims such as determining whether or not requested electronic services are located entirely within the kiosk and if only certain components are located at the kiosk, retrieving those specific components while downloading remaining components over the physical communication link. Nor would it have been obvious to have modified any of the prior art to have arrived at these features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2152

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure:
